

THE SOFTWARE THAT'S SIMPLE

SimplicityChrom CDS Software – Designed with You in Mind.

Laboratories in nearly every industry are continuously faced with growing demands for increased throughput, improved margins, and more efficient processes. To meet these goals, you need an instrument and a software platform that work together to create more effective and easy-to-use workflows.

Meet **Simplicity™Chrom**, a modern, intuitive and flexible CDS software platform that enables users to efficiently control their instrument, process data, and generate results. Pair this functionality with the peace of mind of 21 CFR Part 11 compliance and industry-leading service and support, and you're free to focus on what matters most – your analytical goals.

SimplicityChrom Features and Benefits include:

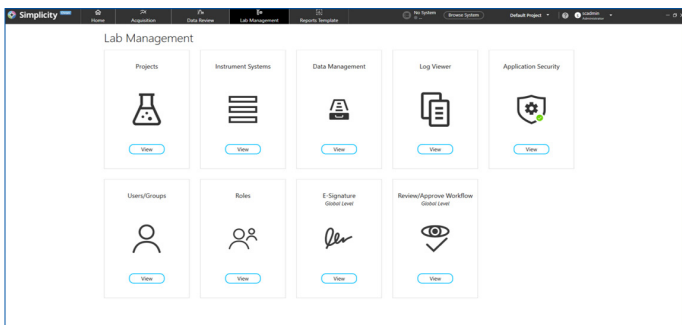

- Modern design, balancing the power you need with user-friendly iconography and easy-to-learn workflows
- Efficient creation and printing of reports directly from the Data Review and Acquisition modules
- Smart interface offering notifications to keep you informed and working efficiently
- Management of accounts and profiles directly in SimplicityChrom, simplifying the administration process and mitigating many common IT challenges associated with domain management
- Powerful search and filter features in Audit Trail for a superior user experience
- Tools to meet 21 CFR Part 11 compliance requirements, such as audit trail, lab management, and review/approve, are integrated into the main application for greater access and productivity

End-to-End Control

Everything you need in one place.

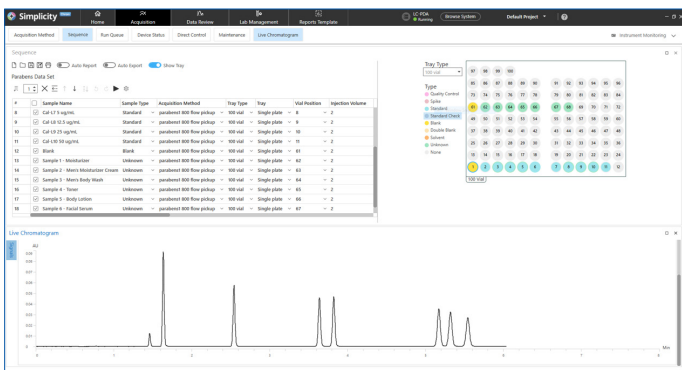

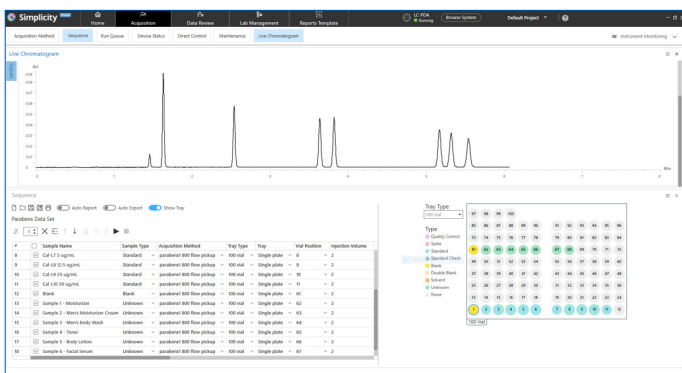

SimplicityChrom enables you to complete all your data-processing and instrument-control needs in one, easy-to-use application. Bold and intuitive iconography make learning and designing workflows easy for both novice and expert users.

Customized Experiences

Designed for the most important user – you.

Note all users process or visualize data the same way. SimplicityChrom allows you to create customized layouts and workflows to meet your process, allowing users to quickly and easily rearrange and save their workspaces in the Acquisition and Data Review environments.

Intuitive Design

All the power you need, without the complication you don't.

On a single screen, SimplicityChrom allows you to view data tables and chromatograms for a given analyte across multiple samples to identify trends, save time, and perform better data analysis. Automatic recalculation of results saves time and reduces the potential for error, as users see changes in real time.

Efficient Compliance

Compliance doesn't have to be complicated.

SimplicityChrom streamlines your compliance activities, incorporating all 21 CFR Part 11 functionality in one, easy-to-use platform. Additionally, administrators can manage user access directly in the CDS application, mitigating many unnecessary IT challenges.
